***Fête du soleil* day camp celebrates French through summer months**

July 3, 2014 - *Fête du soleil*, CPF-SK's signature summer day camp is set to shine brightly in many communities across the province this July and August.

Students enrolled in French-Second-Language (FSL) programs - who are entering kindergarten to grade five - will have the excellent opportunity to practice their learn language skills in an educational and encouraging environment. Campers will experience a variety of theme days, as well as participate in cultural outings unique to their region. Each day will consist of active and creative games, sports, crafts, music and more - all in French!

Four highly skilled and dynamic monitors will be animating the camps during this busy and exciting summer. Lead Monitor Michelle Gulka is back for her fourth summer with CPF-SK, while Rebecca Hoiland has returned for her third. The monitor team is rounded out by two French Education students - Brooklyn Barré and Breana Lukowski.

The *fun en français* commenced earlier this week in Saskatoon, and will continue to travel across Saskatchewan during the summer months. The day camps are scheduled to take place in the following locales:

Wawota: July 8-11
Regina: July 14-18
Swift Current: July 21-25
Moose Jaw: August 5-8

Lloydminster: August 12-14
Prince Albert: August 18-22
Saskatoon: August 25-29

Eric Bolay, President of the CPF-SK Board of Directors, said that he is hoping many students in each location take advantage of what *Fête du soleil* has to offer. "It is a fantastic occasion for the young FSL students of our province to exercise their French skills over the summer. They will be surrounded by their peers, and will be led by highly qualified bilingual university students hired for their expertise with youth. Under the leadership of the CPF-SK Branch Office, the summer staff will travel great lengths in our province to promote and practice French this summer with *Fête du soleil*!"

There are still spots available in some of the aforementioned communities. For more information, please head to our [website](#).
