

**PRESS RELEASE**  
**For Immediate Release**

## **SWIFT CURRENT WILL BENEFIT FROM FORMATION OF LOCAL CPF CHAPTER**

Saskatoon, October 24, 2005 – Canadian Parents for French – Saskatchewan (CPF-SK) is pleased to announce the formation of a chapter in Swift Current. The new executive will play an important role in supporting existing French second-language programs in the community.

The original CPF-Swift Current chapter was established over twenty years ago. Its members established a playschool and promoted French immersion programs for many years before becoming inactive. The formation of a new chapter will mean that Swift Current will once again benefit from the extra-curricular activities in French and greater visibility for French second-language education that a local chapter of CPF will provide.

The chapter is planning a special event for students in kindergarten to grade five early in the New Year. Mini Rendez-vous is a Saturday program for children hosted by local chapters of CPF in conjunction with the provincial organization and features music, games, crafts and sports, all in French. The new executive is excited about the possibilities for this and other activities in the community. Please contact Adele Heise at 773-0653, Grant Macmillan at 778-6603, or Daniel Marchand at 778-5586 for more information.

CPF-SK chapters work to promote and create French second-language learning opportunities for young people in communities in Saskatchewan and form the local link between parents, schools and CPF-SK.

*Canadian Parents for French – Saskatchewan (CPF-SK) is the provincial network of volunteers which values French as an integral part of Canada and that is dedicated to the promotion and creation of French-second-language learning opportunities for young Canadians.*
